STOP the MTA's
Destructive SFO
Taxi Pickup Plan!

City Hall
Thursday, January 24
12:30 p.m.

Under the plan, beginning Feb. 1, 250+ cabs operating under pre-Prop K medallions will be **BANNED** from picking up at SFO. Spare cabs and 8000-numbered cabs will also be **BANNED**. 500+ Prop K medallion cabs will be given back-of-the-line status. **THREE** P medallion cabs will be dispatched for every **ONE** K cab. The wait at SFO is now often two hours or more. How long will it be if this plan goes through? If you can't pick up at SFO, can you make a living just working the city?

Come on foot or in your cab.
Fight this job-destroying plan!

We urge San Francisco to buy back purchased (P) medallions, allow ALL cabs and drivers to pick up at SFO, AND take back the streets from Uber and Lyft!
